Document Sharing

Bboard

Database

Dynamic Web Pages

Static Web Pages

Help Desk

### University of Pittsburgh

#### External

Paging System

Drug Database

### Excluded (but present)

Supply/Inventory System\*

Financial System

Instant Messaging

## Services

The Intranet customizations and databases that utilize the technology base to create the Intranet (often by wrapping the technology base systems).

Web Email

Grading

Memos and Announcements

Shared Work Area

Staff Directory & Org. Chart

Syllabus & Curriculum

## Presentations

The "page design" that provides the basis interface layout (e.g. the mail interface, staff directory).

### Computer Support

- Help requests

### Communication

- Webmail  
- Paging  
- Official announcements

### Research

- Faculty Interests  
- Project directory

### Academic (Lecture) Support

- Syllabus  
- Schedule  
- Notes  
- Grades

### Clinic

- Schedule  
- Procedures  
- Case studies  
- Grades  
- Reference

### Administrative Organization

- Organization chart  
- Staff directory  
- Faculty biography/CV  
- Standard practices

## Customized Views

The role based, individually customized presentations.
