USER TESTING LEAD

project overview

problem space

Current generation of workers being replaced by millennials

- Millennials are tech-savvy, feel self-entitled and work well in groups
- Talent crisis due to difficulties in sharing and transferring knowledge among different generations

project overview

goal

Create a **social tool** which enables companies to effectively **attract** and **engage** the next generation of workers by connecting people, places and resources within the enterprise to optimize the way work gets done and **knowledge is shared.**

project overview

objectives

Understand how to

- » **motivate** talent
- » determine **success**
- » leverage **social** tools
- » support **knowledge** sharing

with respect to millennials

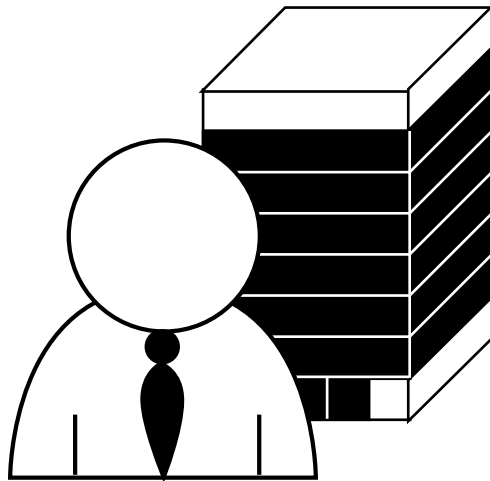

background research

- » engaging employees
- » characteristics of millennials
- » engaging millennials

characteristics of millennials

background research characteristics of millennials

“Hear me now!

I like **working in groups**

and want my **co-workers** to be **friends...**”

**CLASS OF
2008**

background research characteristics of millennials

“I don't want a strict working environment and want to make **my own hours** — **I have a social life** and am comfortable **letting people know** about it.”

**CLASS OF
2008**

background research characteristics of millennials

“ I don't like people telling me what to do
but want people to **tell me that I'm good** —
my company needs me, they should
make an effort to retain me.”

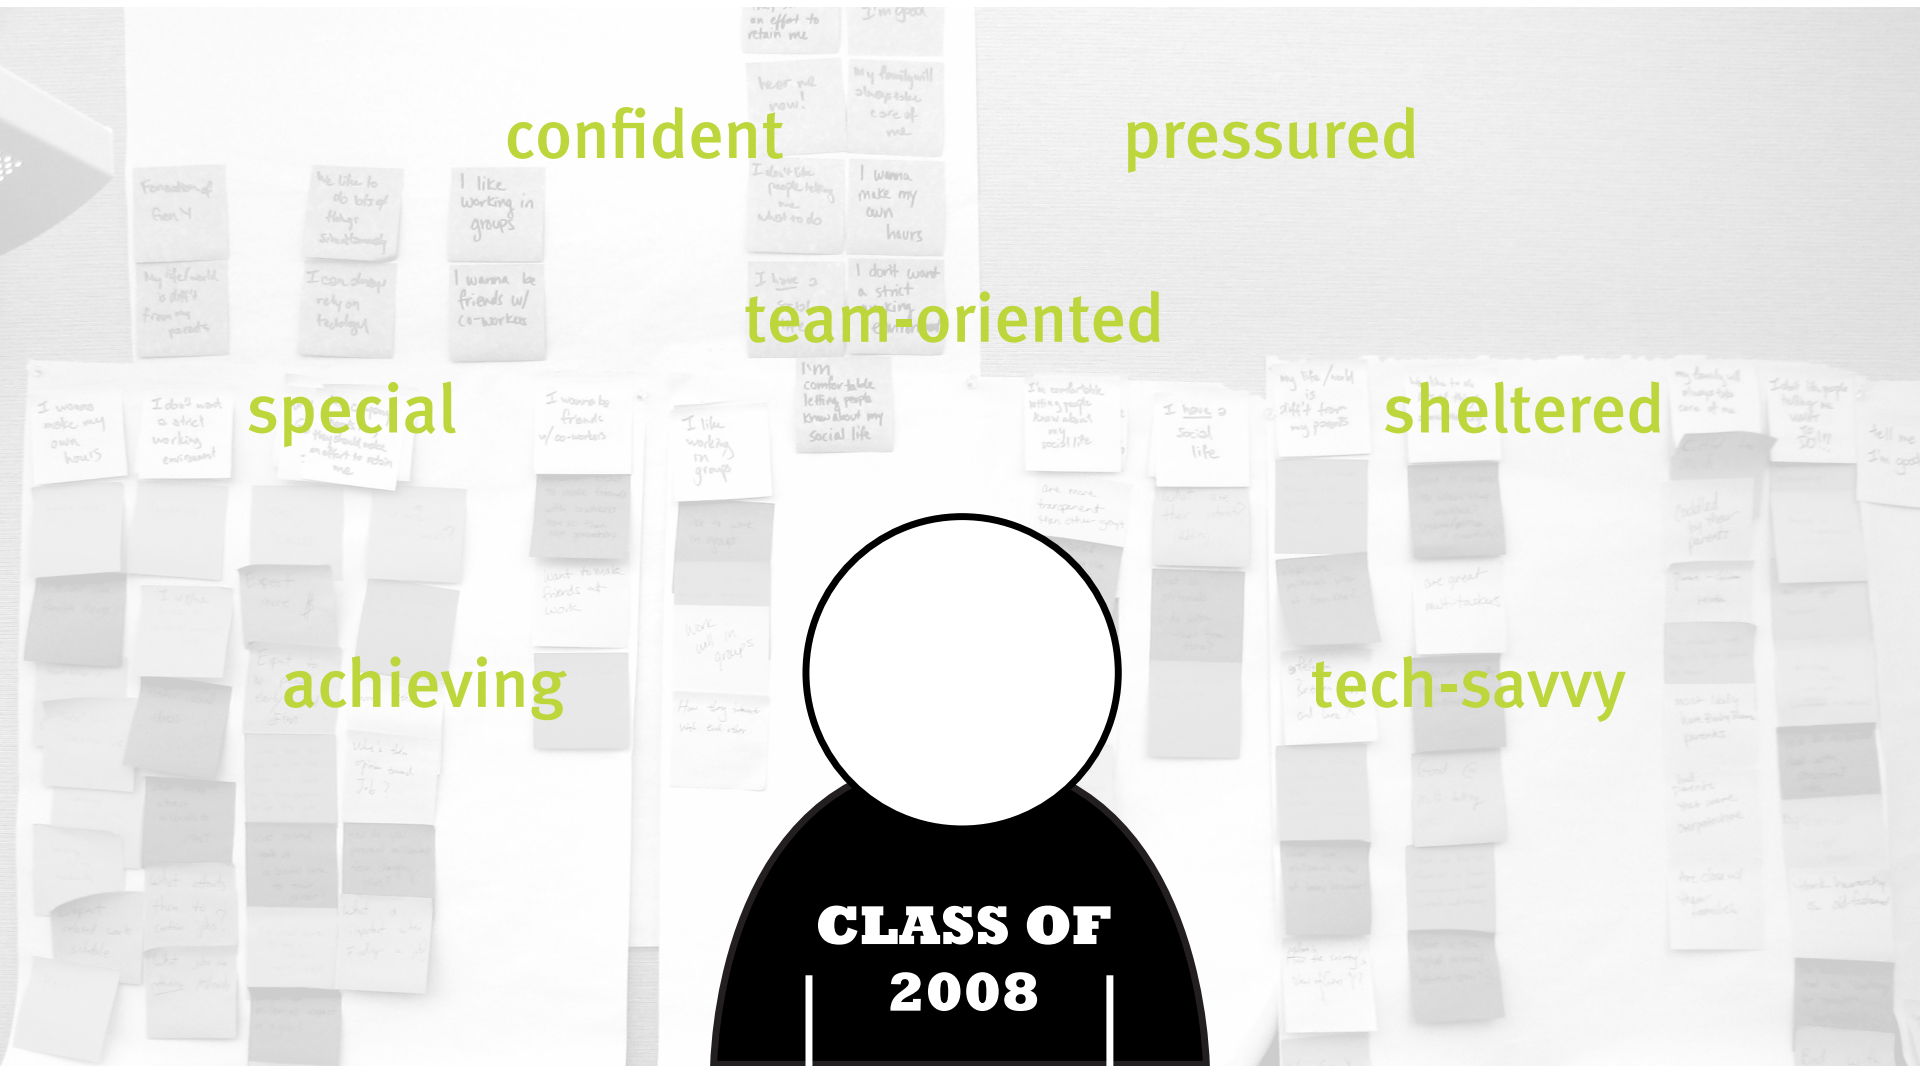

background research characteristics of millennials

“ In return I can **do** lots of **things simultaneously** and can always **rely on technology.** ”

user research

- » survey results
- » contextual inquiries

user research survey analysis

Why a survey?

- » Contradictory findings in the literature review
- » Not all previous research was conducted in a scientific way

Survey Administration

25 questions

- 8 work-related questions
- 6 work environment questions
- 11 demographic questions

Participants

- » 106 effective responses
- » 53 Males vs. 52 Females
- » Average Age: 25.03

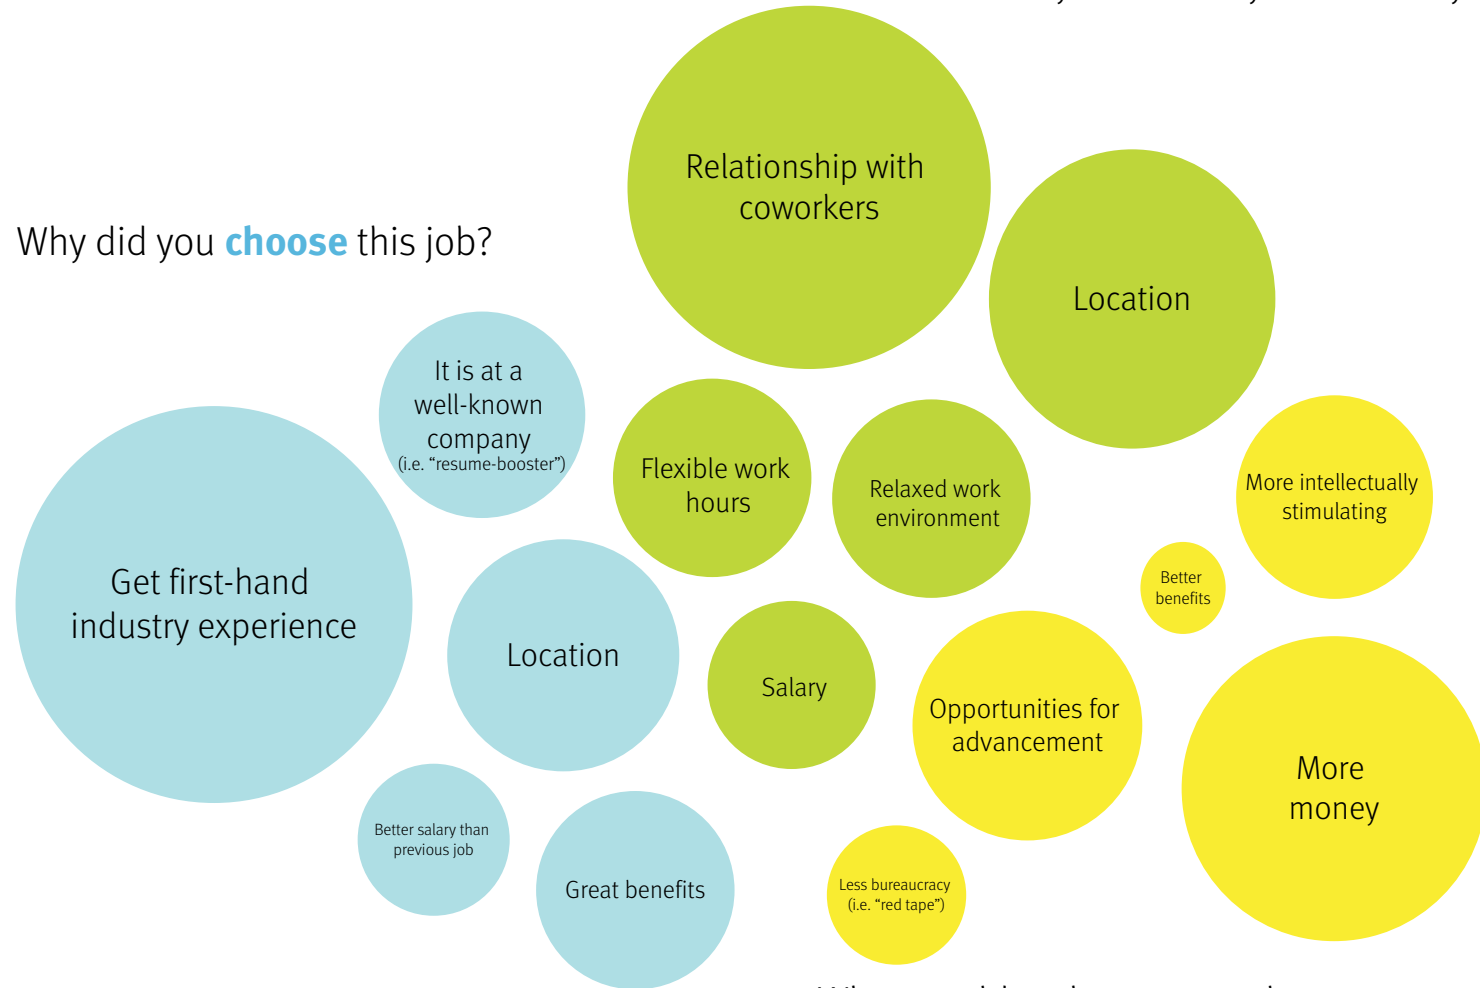

user research survey analysis

What do you currently **like** about your job?

Why did you **choose** this job?

What would make you **stay** longer at your job?
